Notes: This table includes focus areas containing resources that have been documented by Colorado Parks & Wildlife (CPW), Colorado Natural Heritage Program (CNHP), Colorado Water Conservation Board (CWCB), US Forest Service, Natural Resources Conservation Service (NRCS), US Fish & Wildlife Service (USF&WS) Park County Government, The Nature Conservancy (TNC), and others. Stream segment numbering for this region (32-34) is a continuation of the convention used by CDM Smith (1-31). New segment numbers and descriptions have been added to reflect several focus areas and resources not previously captured in the South Platte Non-consumptive Needs Assessment. Supporting documentation for resources contained in each of these areas may be requested from Park County government at 719-836-4279 or gnichols@parkco.us.
