

SEASONAL NATURAL RESOURCES TECNICIAN I

Job Announcement

Coalition for the Upper South Platte is seeking two Seasonal Natural Resource Technician I positions to implement on the ground conservation projects and programs.

Employment Status: Seasonal (May 16 – November 15)

Reports To: CUSP Natural Resources Technician II

Location: Based in Lake George, CO, The Upper South Platte Watershed encompasses parts of Park, Teller, Douglas, Clear Creek and Jefferson Counties. Also, CUSP may work in adjacent communities.

Salary Range: \$18 per hour.

BACKGROUND

The Coalition for the Upper South Platte (CUSP) is a nonprofit watershed group, serving the 2,600 square-mile watershed southwest of the Denver Metro Area and west/northwest of the Colorado Springs Metro Area and adjacent lands. The watershed runs from the Continental Divide/Headwaters of the South Platte River to Strontia Springs Reservoir in the foothills. The watershed varies in elevation from 6,000 feet to over 14,000 feet above sea level.

CUSP's mission is to protect the water quality and ecologic health of the Upper South Watershed, through the cooperative efforts of watershed stakeholders, with emphasis placed on community values and economic sustainability.

POSITION DETAILS

- These are seasonal entry level positions. Work *generally* takes place Tuesday thru Saturday.
- Crew members will report to the CUSP Lake George office daily unless otherwise directed.
- CUSP field crew will work throughout the Upper South Platte Watershed in the counties of Teller, Park, Jefferson, Douglas and occasionally El Paso.
- The seasonal crew reports directly to CUSP Natural Resources Technician II.
- Work schedule is variable; work may occur on weekends and evenings.
- The NR Tech I performs manual labor necessary to develop, maintain, or protect natural resources through a variety of activities.
- CUSP will provide guidance/instruction for work skills and training opportunities to crew members. Training may include: first aid and CPR; safety training; chipper operation and safety; S130 Introduction to Wildland Firefighting Techniques; S190 Introduction to Wildland Fire Behavior; Chainsaw safety and operations; trail construction and maintenance; volunteer management; equipment – TEREX, vehicle operation/inspection; weed identification and treatment.

QUALIFICATIONS
